Dear members of the Board,

On behalf of the Royal Veterinary Association of the Netherlands (RVAN), I would like to nominate Mr. O.A. (Rens) van Dobbenburgh for the position of President of the Federation of Veterinarians of Europe (FVE) for the period 2019 – 2021. Enclosed with this letter you will find his curriculum vitae, declaration of interest and motivational letter.

RVAN wholeheartedly supports the nomination of Mr. van Dobbenburgh. In our opinion he has proven to be an inspired representative of the veterinary profession over many years. His experience and insight in many relevant veterinary disciplines as well as his sense of diplomacy and tactfulness qualifies him for this position. We believe that Mr. van Dobbenburgh is more than able to guide and unite European veterinarians and to collectively tackle the various challenges our profession will face the coming years.

For these reasons, the RVAN board unanimously endorses his nomination for President of the FVE Board of Directors.

Yours Sincerely,

Royal Veterinary Association of the Netherlands

Dr. M.F.M. Langelaar
president
Motivation Rens van Dobbenburgh FVE Presidency elections June 2019

I always have loved to work as a veterinarian. Guess this is something I share with most of our colleagues. Besides that I discovered I also enjoyed working on behalf of the veterinary profession itself. For this reason in the Netherlands I was active as a Board Member of the Royal Dutch Veterinary Association, as well as President of the Association of Dutch Large Animal Practitioners. During my term we were confronted with several outbreaks of notifiable diseases accompanied with massive culling of animals. A period that colored my view on the position of veterinarians. Although I always had considered us an important profession, our political impact turned out to be limited. Striving for results to improve our professional environment only can be successful by working hard, acting smart and making alliances.

In the spring of 2004 for the first time I attended our GAs in Prague and I stayed ever since as a representative of the Royal Dutch Veterinary Association. I served as a UEVP Board Member and as a FVE Vice-President. Beside that I had the honor to become chair of the FVE/UEVP Medicines Working Group. Because the new VMP and MF Regulation was in the process of adoption it brought me in the middle of complex lobbying processes. Another task I fulfill on behalf of FVE is chairing EPRUMA, the European Platform on Responsible Use of Medicines in Animals.

You can’t be successful always. But for sure the successes as FVE we did and do have in the interest of the European veterinarian are the result of working with highly motivated and skilled people. I always have felt lucky having these people around me. Veterinarians who spend substantial amounts of time trying to make the veterinary world a little bit better. Colleagues at our Boards, our staff and of course of our member organizations.

During the last almost thirty years, I had the privilege to work as a veterinarian in various positions across our working field, seeing a lot and learning a lot. I feel connected with the different disciplines within our profession. We are all part of the same veterinary eco-system.

We are together in FVE that embodies the strong voice of the European veterinarian. FVE over the years became a well-established, respected and appreciated organization.

Having said that, we can’t do with less. We continuously have to strive to strengthen the vet in his/her daily work. Accredited education, a solid position in AW, economics in an era of consolidation, a future with telemedicine and artificial intelligence, and so much more. Challenges to be seen as opportunities. Besides that, we have to run our FVE as an effective and efficient organization.

My ambition is to contribute in the role of FVE President. Reason to step forward as a candidate for the election in June 2019, supported by the Royal Dutch Veterinary Association (KNMvD).
Curriculum Vitae

Personal data

Full name : Rens van Dobbenburgh
Date and place of birth : 26 juli 1959 Utrecht NL

Education

1980 - 1990 : Rijks Universiteit Utrecht
              Faculty Veterinary Medicine
              Graduated ‘met genoegen’

1990 – 2003 : CPD

2001 : Accredited Poultry Veterinarian

Professional memberships

- Royal Dutch Veterinary Association (KNMvD)
- Association Large Animal Practitioners (GGL)
- Netherlands Association Companion Animal Medicine (NACAM)

2011 – : Co-operative Feed mill ABZ Diervoeding
President non-executive Board
Budapest, the 5th of April 2019

Dear Colleagues,

on behalf of Hungarian Veterinary Chamber I declare, that HVC Presidium made a decision to nominate Dr. Zsolt Pintér for President position of FVE.

Dr Pinter has been working now since more than 20 years for our professional body and has been working in managing professional bodies in Hungary and at international levels.

During his professional carrier he has been working in different professional areas: research, laboratory animals, cattle reproduction, border post, mixed practice (cattle, swine, sheep and goose health and sheep slaughterhouse), veterinary information services (Agroinform Hungary, CAB International), and small animal practice.

In the last 2 decades he has been involved in foreign affairs of HVC and in international organisations.

By his activity he played a definite role to organize legal structure of HVC after establishment in 1996 and in stabilisation of HVC’s financial situation during last decades. He has been very active in organizing local, national and internation professional networks in order to better recognise and acknowledge veterinary profession in Hungary and abroad.

The CV of our nominee is attached to this mail.

Please certify the arrival and compliance of this nomination.

Kind regards:

Dr. Gábor GÖNCZI
president
HVC
Curriculum Vitae

Birth: Budapest, 09/03/1954

Dr. Zsolt PINTÉR

Education:
1960-1972 primary and secondary schools in Budapest
1972-1977 veterinary studies in Budapest
1977 veterinary doctor diploma „summa cum laude”, University of Veterinary Sciences, Budapest
1997-1999 Postgraduate studies, („Fachtierarzt”) diploma in veterinary legislation and epidemiology
1999-2000 2 years postgraduate course in EU studies

Dear colleagues,

We take the liberty to nominate MVDr. Karel Daniel, MRCVS, for the position of FVE Vice-President for the period 2019 – 2021.

On behalf of the Chamber of Veterinary Surgeons of Czech Republic

MVDr. Radka Vanošová
President

On behalf of the Komora veterinárných lekárov Slovenskej Republiky

MVDr. Silvia Štefáková
President

CURRICULUM VITAE

| 1. Family name | Daniel |
| 2. First name | Karel |
| 3. Date of birth | 7. 4. 1953 |
| 4. Nationality | Czech |
| 5. Qualifications | Doctor of Veterinary Medicine 1978 Brno CZ |
| | Statut. Exam. for MRCVS 1990 Cambridge UK |
| | Specialization (Certificate) in Bovine Medicine 2000 CZ |
6. Experiences, functions

- Broad knowledge of EU legislation related to veterinary licensing and practice, statutory bodies & competent authorities role, recognition of professional qualifications issues, animal health, public health, animal welfare, prudent use of pharmaceutical products, animal + holdings identification and registration schemes gained throughout the whole professional life.
- Extensive knowledge and experience related to most of the aspects of farm animals veterinary practice, surgery and herd management, gained during years of field veterinary practice - this including both bigger industrial and small (small holds/family owned) production units; including local veterinary inspections work on behalf of State Veterinary Administrations and specialised consultancies.

Since 1995 member of the Board of the Chamber of Veterinary Surgeons (CZ);

- Since 1995 CZ representative to European Veterinary Federation (FVE) and European Union of Veterinary Practitioners (UEVP)
- Three terms World Veterinary Association Councillor for Europe

7. Present status

Self-employed; partly retired

8. Motivations

More than 20 years actively involved in European and WVA veterinary politics.

Willing to help veterinary profession with challenges coming with fast changes in veterinary practice, new technologies, changing requirements on veterinary education, corporativisation, generation exchange and all - often worrying - global developments.

24. 2. 2019

K. Daniel
Nomination for FVE Board Election

Berlin/Frankfurt am Main, April 4th, 2019

Dear colleagues,

For the election in the FVE-General Assembly meeting in Bratislava we, the German Practitioner’s Association, Bundesverband Praktizierender Tierärzte e. V. (bpt), and the Federal Chamber of Veterinary Surgeons, Bundestierärztekammer e. V. (BTK), nominate

Dr. Siegfried Moder

as candidate for the position of a **Vice President**.

On the national level Siegfried Moder is presently President of bpt and board member of BTK and thus responsible for various topics concerning the veterinary profession on a national and European level. Within FVE he has been a member of the Veterinary Statutory Body Working Group.

Siegfried Moder is running a mixed practice and is a specialist for treatment, herd health management and quality management for dairy cattle.

Siegfried Moder is thus able to combine a practitioner’s insight in the day-to-day necessities, challenges and elementary needs with scientific knowledge and the experienced knowledge of the work within a professional association.

As veterinarians are facing enormous challenges in various matters all over Europe, for example with respect to questions of the prudent use of veterinary medicines, deregulation, professional education and training, Dr. Moder is an excellent choice and will prove to be most valuable for the association’s work and progress.

We include a curriculum vitae and a photo of the candidate.

With kind regards

Heiko Färber
Chief Executive bpt

Uwe Tiedemann
President BTK

Enclosures
CURRICULUM VITAE
Dr. Siegfried Moder

Born on October 20th, 1955 in Dingolfing (Bavaria, Germany)

EDUCATION & QUALIFICATION

Veterinary education at “Ludwig-Maximilians-Universität (LMU)” in Munich (Germany) and at “Veterinärmedizinische Hochschule”, Vienna
State examination and veterinary licence in Munich (Germany) in 1983
Dissertation in Munich (Germany) in 1984

WORK EXPERIENCE

Internships at various veterinary practices and universities

Start of my own veterinary mixed practice (takeover) in Steingaden (Germany) in 1985

Specialist for treatment, heard health management (German ITB) and quality management for dairy cattle

Involvement in lectures, training and workshops for veterinary colleagues and farmers in the context of continuing professional development (congresses, advanced education and training)

PROFESSIONAL ACTIVITIES

- President of the Federal Association of German Veterinary Practitioners (bpt)
- President of the Bavarian Association of German Veterinary Practitioners (bpt-Landesverband Bayern)
- President of the District of Upper Bavaria (Oberbayern) within bpt
- Member of the Board of the Federal Chamber of Veterinarians Germany (BTK)
- Chairman of the professional working group on ruminants within BTK
- Member of the Board of the local Chamber of Veterinarians of Bavaria (BLTK)
- Delegate of the veterinary district association of Upper Bavaria (Tierärztlicher Bezirksverband Oberbayern)
- Member of the German delegation in UEVP and FVE
- Member of the FVE Veterinary Statutory Body Working Group
- Mentor at Ludwig-Maximilians-Universität, Munich
Support of nomination – FVE-board

The Swedish Veterinary Association hereby expresses its strong support of the nomination of Torill Moseng from Norway as Vice-President in the FVE-board. Torill Moseng is nominated by the Norwegian Veterinary Association (NVA) and Dr Mosengs CV and declaration of interest is enclosed to NVAs nomination.

Kind regards,

Katja Puustinen
President
The Swedish Veterinary Association
Letter of support for Torill Moseng for the FVE Board

Dear FVE General Assembly,

It is an honour and a pleasure for the Danish Veterinary Association (DVA) to express our national support for Torill Moseng as a candidate for the position as Vice-President in the FVE-board to be elected in Bratislava in June 2019.

We would like to emphasize Moseng's experience from the 3 periods in the UEVP-board and her extensive knowledge of the FVE due to having been a delegate since 2007. Moseng has a position as a highly respected veterinarian in Norway and beyond and she has our sincerest support.

With kind regards on behalf of the Danish Veterinary Association,

Carsten Jensen
President of the Danish Veterinary Association
Federation of Veterinarians of Europe FVE

Dear
Jan Vaarten
Executive Director
Federation of Veterinarians of Europe (FVE)
Avenue de Tervueren 12
B-1040 Brussels

Nomination of a candidate for the FVE Vice President

The Polish National Veterinary Council would like to nominate prof. Stanislaw Winiarczyk DVM, PhD as our candidate for the Vice President of the Federation of Veterinarians of Europe.

For the last 14 years prof. Stanisław Winiarczyk has been attending FVE meetings twice a year. He has also been an active member of EASVO and EVERI and presented many standpoints of polish veterinarians on the FVE forum. In 2006 prof. Winiarczyk co-organized FVE General Assembly held in Cracow.

Our colleague has extensive experience in the field of veterinary self-government and as a member of the Polish National Veterinary Council he is responsible for foreign affairs and continuous professional development.

Prof. Winiarczyk speaks English and Russian fluently and during his veterinary career developed and maintained a number of professional contacts in the areas of education, politics, industries in Europe and throughout the world.

I highly recommend prof. Stanisław Winiarczyk for the position of the Vice President of the Federation of Veterinarians of Europe.

Kind regards,

Krajowa Izba Lekarsko-Weterynaryjna

Welsh National Veterinary Chamber

Warsaw, March 29, 2019
Curriculum vitae

Full name: Winiarczyk Stanislaw Jan, professor, DVM, PhD

Place of birth: Przemyśl, Poland
Date of birth: February 12th, 1956
Nationality: Polish

Statement for FVE Junior Vice President Position (March 2019)

I have been a Polish delegate with FVE different Sections (EASVO and EVERI) for 14 years. During my national and international veterinary career I have developed and maintained a number of professional contacts in the areas of education, politics, industries, in EU and neighbouring countries e.g. Ukraine.

More specifically I have:

- A broad academic (science/teaching) national and international experience (Polish, UK, USA, Sweden)
- Contributed to the VETCEE establishment in Poland and EU by evaluating VETCEE programmes
- Been active in the EAEVE General Assemblies every year since 2008

If elected to the FVE board I will use my skills, knowledge, experience and contacts to advance the credibility of EU veterinary profession by promoting:

- FVE position, with EAEVE, on the quality of veterinary education (quality assurance and implementation) in EU and wider, including specialisation and VETCEE programmes
- Effective relationship between veterinary education, research and industry for the benefits of profession and society and
- As directed by the FVE board, work with any other areas relevant to the EU veterinary profession for example to work with EU/World Political Organizations and Institutions
Degrees, academic and professional qualifications:

i) D.V.M., 1980 Faculty of Veterinary Medicine in Lublin
ii) Ph. D., 1988 Faculty of Veterinary Medicine in Lublin
iii) Habilitation, 1995 Faculty of Veterinary Medicine in Lublin
iv) Full Professor, 2002
v) Dr honoris causa from Stepan Gzhytskyi National University of Veterinary Medicine and Biotechnologies Lviv (Ukraine)

Posts held

- Vice-Dean of the Faculty of Veterinary Medicine University of Life Sciences in Lublin from 2002 till 2008
- Dean of the Faculty of Veterinary Medicine University of Life Sciences in Lublin from 2008 till 2016
- Head of Department Epizootiology and Clinic of Infectious Diseases from 2006 up to date
- Vice-President of the Polish National Veterinary Chamber from 2005 till 2012
- Vice-President of the Polish Small Animal Veterinary Association from 1998 till 2004
- Chairperson of the Polish National Specialization in the diseases of dogs and cats from 2006 up to date
- Auditor of the EASVO section of FVE from 2008 till 2012
- Member of the Main Council of Science and Higher Education in Ministry of Science and Higher Education in Poland from 2018 up to date

Academic experience

General clinical experience in infectious diseases of small and large animals. Research in the field of clinical microbiology, virology, immunology, mycology and oncology including the application of the molecular biology techniques and proteomics for diagnosis of infectious diseases of animals. Research in the field of transmissible diseases of animals.

Longterm Fellowships

- Institute for Animal Health, Compton, UK, 1993
- Faculty of Veterinary Medicine, Iowa State University, USA 1996
- Faculty of Veterinary Medicine, Uppsala, Sweden, 1997
- Department of Veterinary Medicine, University of Cambridge, UK, 2019
